

**PRESS RELEASE - January 6, 2017**

**Award Winning Documentary, A PLASTIC OCEAN  
Special Screening on January 19, 2017  
Hosted by Squamish Terminals and One Ocean Expeditions**

**[A PLASTIC OCEAN](#) uncovers the shocking truth about what is truly lurking beneath the ocean's surface.**

More than 8 million tons of plastic is dumped into our oceans each year. [A PLASTIC OCEAN](#) follows an international team of adventurers, researchers and ocean ambassadors on a mission around the globe. This award-winning documentary shows the devastating effects of our disposable lifestyle on marine life and the consequences for human health.

During its four-year production period, [A PLASTIC OCEAN](#) was filmed in 20 locations around the world, documenting the global effects of plastic pollution and introducing workable technology and policy solutions that can, if implemented in time, change things for the better.

Squamish Terminals and One Ocean Expeditions are hosting a screening of [A PLASTIC OCEAN](#) in Squamish on Thursday January 19, 2017 at the Eagle Eye Theatre, Howe Sound Secondary School.

The screening is being hosted as a fundraiser for three local marine groups:  
Squamish Royal Canadian Marine Search and Rescue (RCM-SAR)  
Squamish Paddling Club  
Squamish River Watershed Society

The screening is open to the public and will be followed by a panel discussion for questions and answers with the interested parties and hosts.

Squamish Terminals is a deep-water, break-bulk terminal located in the beautiful Howe Sound and Squamish Estuary. The terminal handles cargo bound for North America and around the world. At Squamish Terminals we value our environment and our community, and we are committed to protecting the environment by operating in a responsible manner, promoting environmental stewardship and implementing innovative environmental technologies and practices. Squamish Terminals is excited to be able to host this event to increase public awareness of the challenges created by plastic on our oceans, animal life and our own health.

One Ocean Expeditions is a proudly Canadian expedition vessel operator, offering environmentally responsible and personalized experiences in the most beautiful places on earth. The company operates two purpose-built ships, each with a high ice-class and carrying less than 98 guests, designed specifically for polar exploration. Their operations are unique in that they focus on preserving the areas they visit by improving environmental awareness and protection. Offering a range of innovative expedition cruise itineraries in Antarctica, Canada's East Coast, Spitsbergen and the Canadian Arctic, OOE has developed a reputation for exceptional quality, customer service, industry-leading safety standards and great value.
