From: Tom Rasmussen
President & CEO – Grieg Star Shipping
Acting President & Chair of the Board – Squamish Terminals

Date: Tuesday, April 26, 2016

Subject: Announcement – Kim Stegeman-Lowe

I am pleased to inform that Kim Stegeman-Lowe has been appointed President of Squamish Terminals effective May 1, 2016.

I have been acting as both President and Chair of the board since August 2014 when Ron Anderson retired, and Kim will now take over the position of President and continue on as a Director of the board. Joe Webber will remain Vice President Operations and on the Squamish Terminals' board. I will remain actively involved as board Chair.

Kim came to Squamish Terminals in March 2008 as Manager of Business Administration. In August 2014 she was promoted to Vice President Administration.

In her new role Kim will be responsible for all aspects of the operation, and concentrate on the commercial development of the terminal, supported by a strong operational and administrative team that is already in place.

Please join me in congratulating Kim on her appointment.
